## MODULE GAUCHE 2 COMPARTIMENTS

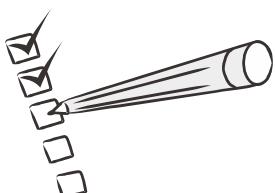

Cher client,

Le produit que vous avez acheté a été soumis à toutes sortes de tests et de contrôles avant de vous être expédié.

**Attention!**

L'usage d'une force excessive lors du montage peut endommager votre meuble et provoquer sa chute. Afin d'éviter tout désagrément, nous vous invitons à utiliser des fixations murales

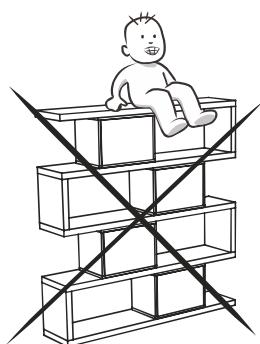

Avant de commencer l'assemblage, veuillez vérifier la présence de tous les composants tels que listés dans cette notice. Si vous avez acheté plusieurs meubles, assurez-vous d'avoir terminé le premier avant de commencer le suivant.

Veuillez également nettoyer chaque composant à l'aide d'un chiffon humide avant de démarrer. L'entretien courant s'effectue aussi avec un chiffon humide.

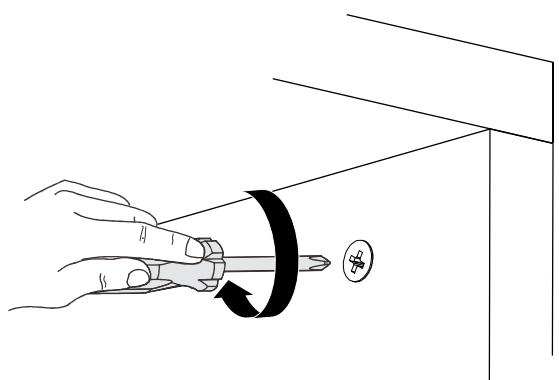

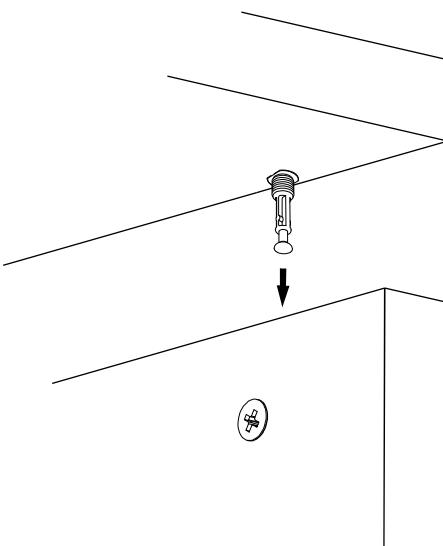

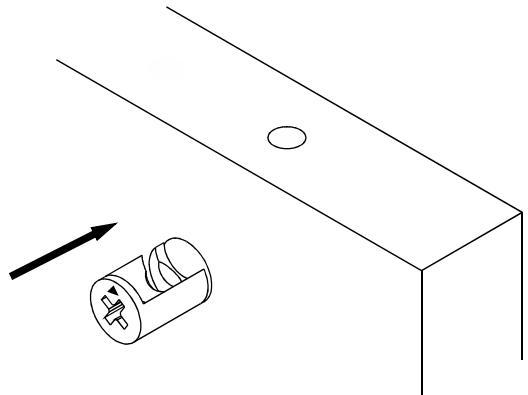

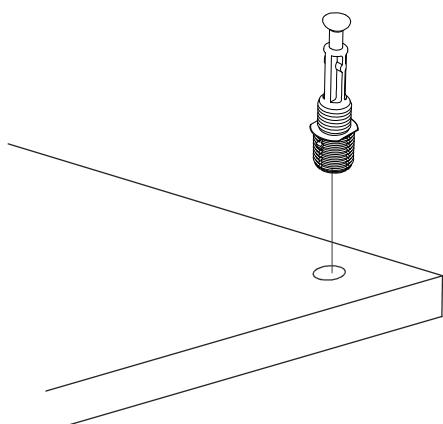

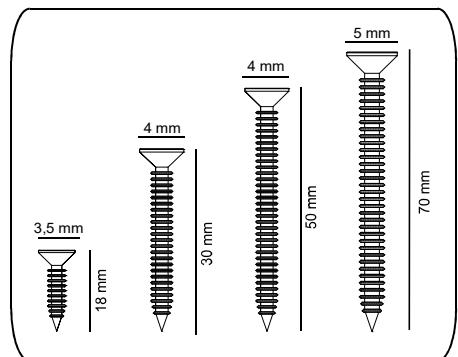

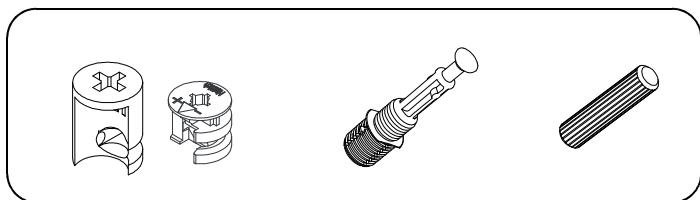

Bien que tous les produits soient fabriqués et emballés avec soin, il arrive parfois que certains composants soient endommagés pendant le transport. Dans ce cas, veuillez vérifier la pièce manquante ou endommagée et n'hésitez pas à nous contacter. Vous pouvez nous envoyer un e-mail à ou nous joindre au téléphone.

N'utilisez pas votre meuble à d'autres fins que celles prévues pour lesquelles il a été conçu. Ne l'exposez pas à une chaleur, un froid ou une humidité excessifs, car cela pourrait l'endommager

# ATTENTION !!

L'assemblage des différents éléments  
s'effectue par des composants MINIFIX.  
Avant de commencer, veuillez vérifier les  
descriptifs ci-dessous
